Polly® Solid Plastic Color Chart

Metpar Polly® solid plastic partition products are made from high-density polyethylene (HDPE), and will never rust, dent, or break. Our solid plastic line is durable, maintenance free, and vandalism resistant. Metpar Polly® has proven itself in the toughest environments including schools, stadiums, and any high traffic public washroom facility. But it doesn't stop there - it also works beautifully in high-end installations such as country clubs and office buildings. Available with matching or complimentary plastic shoes and brackets (see back for match suggestions and combinations). Color may vary due to printing process. Contact Metpar for actual sample material.

Metpar Polly® - The right choice for Plastic Partitions
